Spark: Creative cooking app

See It. Snap It.

Get Creative!

Spark helps you discover and cook +1400 delicious meals based on the ingredients you already have.

Meet Giang — Kitchen Adventurer 🍳

Turning everyday ingredients into surprising meals — with a dash of creativity and fun!

Giang Nguyen

I've always loved experimenting in the kitchen —trying new recipes and turning whatever's in my fridge 🥦🍅 into **something exciting and full of flavor** ✨.

But sometimes, I **forget those fresh veggies hiding in the back or hit a creative block**, and suddenly the fun turns into frustration. 😵

Most recipe apps feel too rigid and uninspiring, so I spend more time searching ⏳🔍 than actually cooking 🎉—**when all I want is an app that gets me and makes cooking feel like an adventure again.**

Prepare

Cook Your Way

Mix fresh ingredients to craft your delicious masterpiece 🥦🥩.

Recipes
A plant-based and flavorful alternative to traditional bacon, made with thinly sliced smoked tofu. Perfect for adding an extra touch to pasta dishes, risottos, or as a filling for sandwiches and wraps.
A simple, versatile recipe that pleases not only vegans but all kinds of palates!
